

Cinema club- every Thursday in the auditorium

Film is a powerful medium and great films tell powerful stories. If you would like to see some of the best films and discuss your views of them afterwards film club is for you.

Appreciating great films and finding out a little about the background to them is a high level literacy skill. It develops your critical thinking and allows you to understand things at different levels.

Come and join us.

It's free and open to everyone. If your Mum and Dad want to join us they are more than welcome.

Films start at 3.10 and afterwards we will have a short discussion. Feel free to review the film later and we will put your views on the website. We will be finished by 5.00pm

This week's film:-

Life is Beautiful

Made in 1999

The film is one made in two very distinct halves. The first part of the film is about a romantic young man who finally marries a rich woman and they have a son. They are in Italy when the war begins and the man is Jewish. They end up in a concentration camp and the father tries to make the experience into a game for the young boy; Giuseppe. It all ends in a very emotional and gripping way. The key to this film is how people are able to keep their humanity in the harshest of places.

Let Mr Wilson or Mrs Lockhart know if you are interested
